HealthPathways is a mobile-friendly platform and can be viewed on your mobile device or desktop.

To find out about the features of this platform, logon and [view the short video](#) (3m 28") or go to the homepage, look under the menu 'About HealthPathways' and select:

[How do I use HealthPathways / Navigating HealthPathways](#)

Is my device supported?

The mobile-friendly user interface will work for the majority of users. To find out if your device is supported, logon and click [here](#) or go to the homepage, look under the menu 'About HealthPathways' and select:

[How to Use HealthPathways / Support / Is my device supported?](#)

How do I add a shortcut to my desktop and/or mobile device?

For help on how to add shortcuts logon and click [here](#) or go to the home page, look under the menu 'About HealthPathways' and select:

[How do I add a HealthPathways shortcut to my desktop?](#)

[How do I add HealthPathways to my mobile?](#)

Please do not give access details to people who are not registered health professionals within the Whanganui and MidCentral Districts.

How can I return to the home page?

Click the HealthPathways logo to return home

A Quick Reference Guide to Navigating HealthPathways

How do I search?

Search for a pathway, resource or function by specifying a word or words such as 'asthma action plan' or 'pathway elements' and click enter.

The screenshot shows the Whanganui & MidCentral Community HealthPathways website. At the top, there is a search bar with the text "Search Community HealthPathways". Below the search bar is a large banner image of a river. The main heading reads "Whanganui & MidCentral COMMUNITY HEALTHPATHWAYS". The page is divided into three columns: "Latest News" with two articles, "About HealthPathways" with four links, and "USEFUL RESOURCES" with three links. A feedback button is located in the bottom right corner.

Menu tree

Click on the arrow to expand (or close) the menu when looking for clinical information.

Look here for all you need to know about HealthPathways.

How do I identify localised pathways?

Clinical pathways will be localised over time and will be shown in bold on the menu tree. The clinical information in unlocalised pathways remains evidence based best practice and is used in other regions. For more information, see [About HealthPathways / How do I use HealthPathways / Navigating HealthPathways](#).

Quicklinks

Click on one of the resources to open a new page to view it.

Map of Medicine Pathways

Click here to access MidCentral's localised clinical pathways.

How do I send feedback?

Every page in HealthPathways has a feedback button in the bottom-right corner. Use this to contact your local HealthPathways team with questions or suggestions.

Please do not give access details to people who are not registered health professionals within the Whanganui and MidCentral Districts.
